

● Welcome

Metropolitan Home Care LLC provides a well-coordinated and comprehensive medical and non-medical care to individuals in the comforts of their home. Available 24 hours a day, seven days a week, our highly skilled healthcare professionals manage every aspect of patients' health-related needs.

At Metropolitan Home Care, we believe that there is no place like home to provide a healing, relaxing environment when recovering from an illness, injury or surgical procedure. It is the place where family, friends, and familiar surroundings allow patients to be most comfortable - and recover faster.

Working with patients' physicians, our goal is to develop and implement a treatment plan, which can be delivered in the home environment. We strive to allow our patients improve their health and become as independent as possible.
